NEW 『 E 』 TYPE  
KNIT POCKET SETTER  
MODEL U-3206-E/1416

**NEW!**

**PATENTED YUHO ORIGINALLY DESIGNED KNIT POCKET SETTER-  
U-3206-E/1416 IS NOW UNVEILED !!**

TOP FEATURED POINT ALLOWS TO FOLD AND ATTACH THE POCKETS SUCH  
VERY DIFFICULT FABRICS AS "STRETCHY KNITTED" EASILY, AUTOMATICALLY,  
NEVERTHELESS THE EXTREMELY LOWER COST OF PATTERN GAUGE THAN THE  
OTHER POCKET SETTERS.

ADDITIONALLY, AVAILABLE TO MAKE THE SMALLER SIZE, THE DOUBLE-STITCH  
SEWING

YUHO SEWING MACHINE

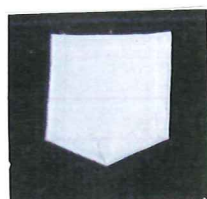

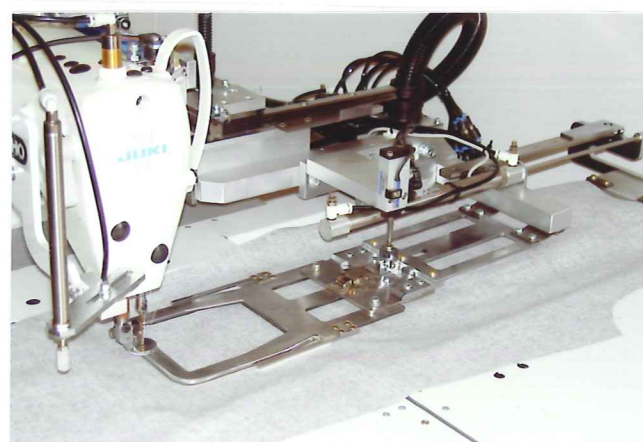

**NEW 『 E 』 TYPE**  
**KNIT POCKET SETTER**  
**MODEL U-3206-E/1416**

**MONO-FRAMED POCKET FORMING**

With originally designed Mono-framed Pattern Sewing, Pocket-piece forming is allowed accurately against the difficult fabrics.

Pocket-piece is folded in the Pattern Gauge, and sandwiched with Presser Pat tightly. Pattern Sewing is allowed accurately synchronized with the Machine Presser holding down. Particularly, very advantageous point is ----- the fabric against Iron Pressing or Folding---

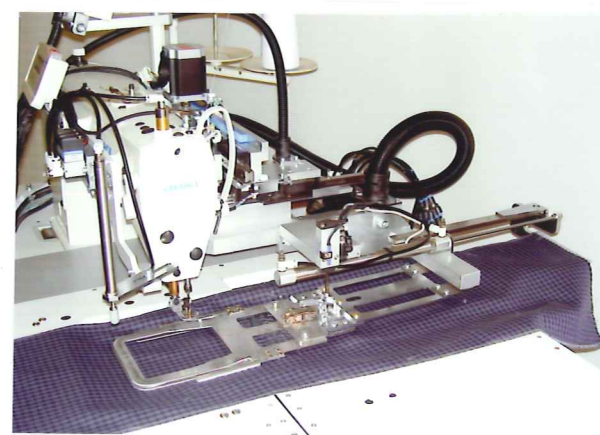

**AVAILABLE "DOUBLE-STITCHING" &  
 THE SMALLEST SIZE POCKET ATTACHING**

Available "Double-stitching" simply such as "Stretchy Knit fabric" without Extra Charge !!

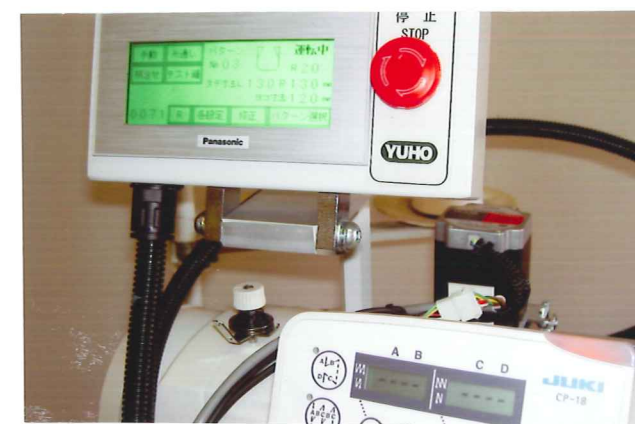

Particularly, Round Corner "Double-stitching" is required a lot of Skill and Handling Time. This unit promises high productivities even to all of the Beginners.

Additionally, available to the smallest size Pocket sewing---without Extra charge !!.

**TWO UNITS OPERATION BUT SINGLE OPERATOR ALLOWED**

Available to operate two different working process with Single Operator--- due to "overlapped working---loading ~ stacking" automatically. When a lot of production, Single Operator is allowed to operate 2 units---even if one is out of order, production can keep half of lot. This is very serious management in the factories !!.

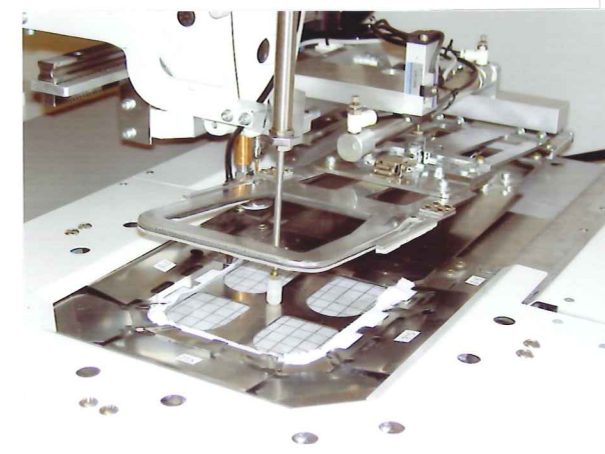

**SIMPLIFIED BUT ACCURATE POCKET SETTING**

Available to enter the designed Patterns and to make the Pattern Correction to the Stitch-margin.

Also, available to correct the one-side margin or Expansion or Deduction-----available with "LED" Touch Panel simply.

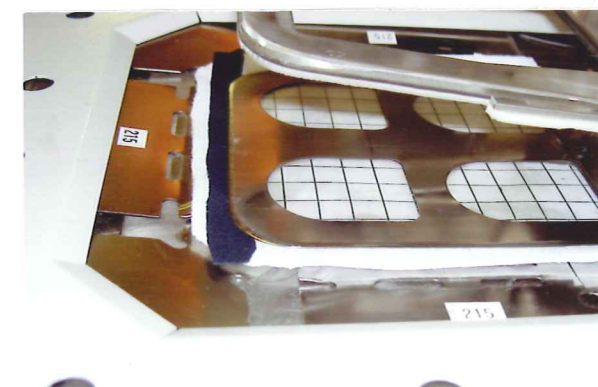

With "Memory Loader", additional Pattern is allowed to enter freely---- **[ OPTION ]**

**FREE FROM THREAD BREAKAGE  
 WITH TAPE FOR KNIT FABRIC**

Thread breakage can be free from the Stretchy fabrics such as Knitted fabrics when inserting thinner Tape.

Tape is enough to set on the Pocket-bottom part.

**HIGH ACCURACY, HIGH DURABILITY  
 PROMISES BEST PATTERN SEWING**

"XY" Feeding Mechanism maintains by the finest and high durable Lineaway with the 2 Top/Bottom stage

Sewing Head is equipped with JUKI DDL-9000B Direct Drive. With Long-arm Head, loading space is enlarged extremely. With Operation working Improvement, Consistent Quality, Skillless, High-Productivities are promised.

**SIMPLIFIED GAUGE CONVERSION**

Pattern Gauge conversion is allowed a few minutes by the Beginners.

This is advantageous to the wide variation to Pocket Type and Fabrics. NO adjustment is allowed !!

**FUNCTIONAL STACKER**

With functional Stacker, "Over-lapped" working is allowed and promises 2 units operation by Single operator only.

**VARIATION TO MAINTENANCE**

NO adjustment is allowed when Tilting or Tilting back

For Safety operation, Test sewing, Device Step checking are programmed on the "LED" Touch Panel---free from the Troubles.
