YUHO

NEW 「 E 」 TYPE
NEW COIN POCKET SETTER
MODEL U-3304-E

NEW

NEW COIN POCKET SETTER U-3304-E IS NEWLY MODIFIED TO EQUAL TO U-3103-e POCKET SETTER FUNCTION・・・PROMISING HIGH-CONSISTENT POCKET TOP-STITCHING !!

With newly designed STEEL LOADING TABLE, Precision and Durability is extremelygrade up !!
With Direct-Drive Machine Head JUKI DDL-9000B, Highly Consistent Sewing is promised greatly !!

YUHO SEWING MACHINE
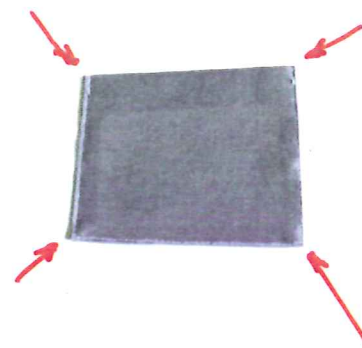

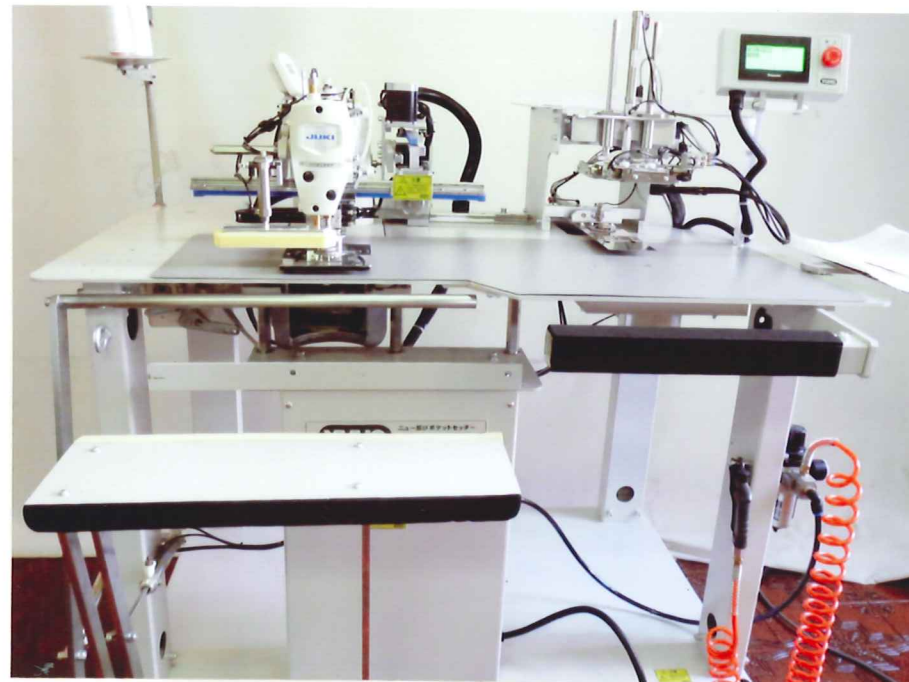

CORNER STICKING OUT FREE

YUHO originally designed FOLDER promises "Free from Pocket-Corner Stitcking out" completely when folding.

PROMISING SKILLESS & HIGH PRODUCTIVITY

Place a Pocket bag on the Loading Table and set Pocket piece on the Plate.
With Start Pedal ON, **3** corners of Pocket piece is folded automatically and traveled to the Needle point---saves "IRON PRESSING" completely.
Folded Pocket piece under the Needle is stitched accurately and stacked on completely with Rotate Stacker.
Setting-Stitching-Stacking---3 Stage System allows "Overlapped working"---promises High Productivities and Consistent Coin-Pocket attaching is promised.
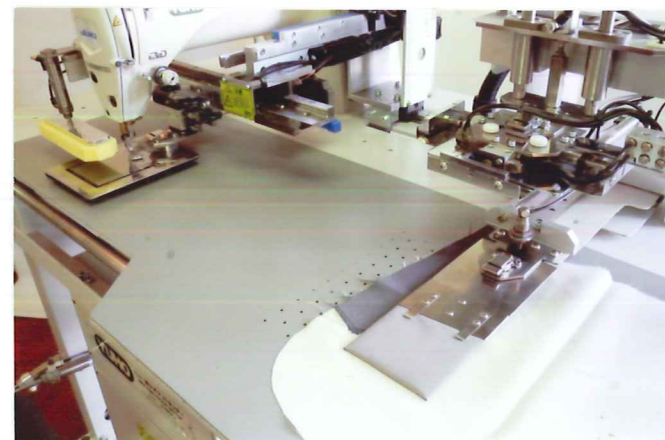

PROVIDING LESS COST BUT HIGH FUNCTIONAL POCKET ATTACHING

Equiped with JUKI DDL-9000B Direct Drive Sewing Head with Long-arm, working space is allowed to 500mm widely.
Machinery Function is improved extremely with Thread-tension, Take-up---provides Highly Consistent Stitching finish.
Particularly, Quick-acceleration, Quick-slowdown, High speed sewing, etc --- are grade up.
YUHO originally designed "Bobbin thread Taking up" assures "puckering free and consistent Top-stitching"
Also, originally designed "Pocket Folder" with vertical folding type promises "Pocket-corner sticking out free" completely.

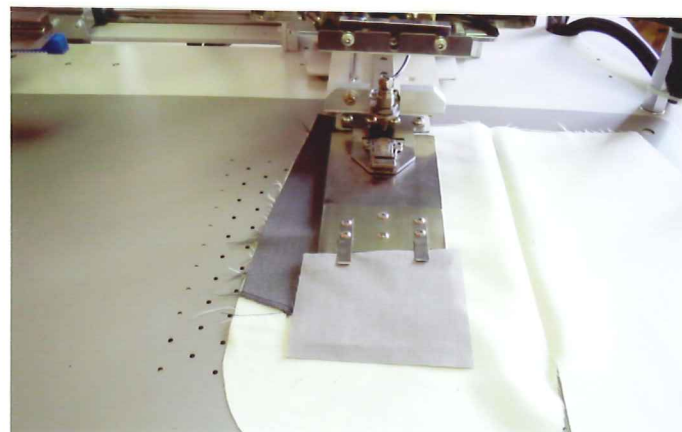

"LED" TOUCH PANEL PROGRAMMER

with "LED" Touch Panel, **30** Patterns is programmable and allowed to select and convert the Pattterns simply.
Sewing-end mode is allowed ----to "Triangle and Straight" mode freely.
with CORRECTION , Pattern Size correction is allowed by **"0.1mm"**unit
Also, available Expand/Reduction by **"0.1mm unit"**

ERROR---T.B.D.STOP, BOBBIN BALANCE COUNT ---is indicated in Red.

FREE CHOICE OF SEWING-END

available to select Sewing-end mode ---［Triangle or Straight］--- freely.
But, NOT allowed to convert Left/Right and Bottom side.
But, variable Left/Right side only---NOT allowed Bottom part---- when Left/Right size only changes to smaller , Sewing Pattern Gauge is applicable---available with Soft programming and Pocket Setting Plate conversion.
when Left/Right and Bottom size is varied, PATTERN GAUGE conversion is required..
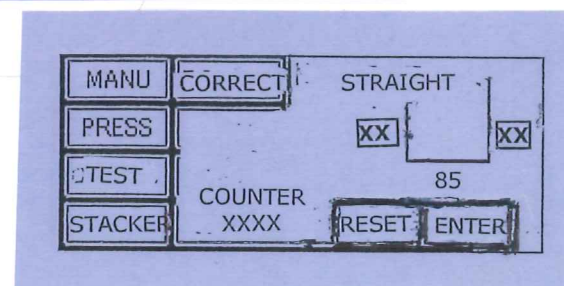

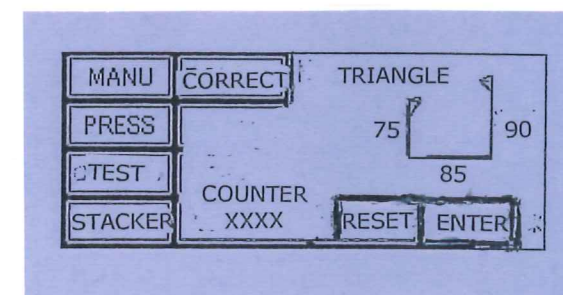

NEEDLE FOOT PRESSER

with PRSSER PAT, Fabric is fed to the Needle point without "slipping", and with NEEDLE FOOT PRSSER, finest Top-stitching without "slipping, fluttering" is promised----even the Biginner is allowed "Skilless and High Productivities"

ROTATATE STACKER

with ROTATATE STACKER, Pocket bag is rotated rotated by **90°** and stacked on completely----after Sewing Cycle ends · · · supports "overlapped working" and "High-productivities".
with **"XY"** Feeder, Tilting Head is allowed simply.
Wide Maintennace variation is also applied.
